

Business Excellence

Master Black Belt Certification

Designed to help Black Belts Graduate
to a Master Black Belt role.

All About Master Black Belt

Development of Master Black Belts

Business Excellence leadership is central to business success. Instead of being a halfhearted effort, the deployment of a business excellence framework should be a well thought out strategy. Master Black Belts being teachers, mentors and guides need to know much more than statistical techniques covered commonly up to Black Belt level. This program is designed to help Black Belts graduate to a Master Black Belt role.

Methodology and Examination

The program is divided into seven modules. The details of competency options available in each module and the grade associated with them are as follows:

• Business Excellence Champion	20 points
• AHP Practitioner / BPR Expert / PM Champion	20 points
• Business Value Analyst / Strategic Marketing Thinker	20 points
• Creativity and Innovation Practitioner	10 points
• Lean Practitioner	20 points
• Lean Guide	10 points
• Business Modelling Expert / BB Project Simulation Workshop	20 points

Learner is certified for the competencies scoring a minimum 70% score in each of them. It is required to successfully complete minimum one competency in each module and also earn a minimum of 120 credit points. The learner has a possibility to get exempted from specific modules. Exemption is based on either prior completion of few certification modules or possession of professional experience in the area of Business Excellence. As a minimum requirement, learner must undergo 6 days of training.

Why Choose Benchmark Six Sigma ?

- Most experienced and respected trainers and consultants.
- More than 15,000 Belts trained.
- Highest recognition and respect across sectors.
- Updated programs with latest inputs.

- Programs since 2001 with the best trainer retention.
- Unique after training support through very active web based forum and group activities.
- Online project completion support and certification at no additional cost.
- Trainers have cross-industry implementation and leadership experience.
- Unparalleled Industry networking and recognition.
- Recruitment & job support for companies and individuals.

Master Black Belt Roles

Trainer

Master Black Belts teach the entire organization about methodology, approach, and correct usage of techniques.

Guide

Green Belts and Black Belts need guidance in their Six Sigma journey. Senior Management needs inputs on how Six Sigma meets strategic objectives.

Project Leader

MBBs need to lead large or complex projects themselves.

Deployment Champions

MBBs help create Six Sigma infrastructure within the company and provide recommendations for curriculum, certification criteria, belts structure, integration of Lean & Six Sigma with each other and other approaches.
